Moving + powerful imposition of
your thoughts and direction of
prayer + blessing.

Beautiful... even though I don't understand
the script, trying to match it with
the calligraphy, it seems to just form in
front of you. - Doreen Mathews.

Thank you for sharing your work! I very much enjoyed
looking at each piece; they are all very distinct and
yet look wonderful together. I also enjoyed learning
about how they were made. Good luck with
your future work! - Maureen Antkowiak

Thank you for sharing your talent for our enjoyment
and appreciation your work is beautiful & priceless.
